IN SINCERE APPRECIATION . . .

To Mr. Alfred Badger — Administrator:

We came to you in 1976 as a group of bewildered Freshman. You guided us through three eventful years, teaching us cooperation and mutual respect. We were sorry to see you leave us at the end of our junior year, but we have never forgotten your understanding and leadership.

Thank you,
The Class of 1980

To Mr. Robert Flaherty — Administrator:

It must have been a difficult job for you to come to us as our new administrator for senior year. However, we soon discovered your great enthusiasm for our class and your patience in guiding us. We greatly appreciate all your help and understanding during our important final year of high school. You have had a great influence on all of us.

Thank you,
The Class of 1980

To Mrs. Phyllis Semple — Secretary:

We can never thank you enough for all of the love and understanding you have shown us throughout the past four years. You have cared for each and every one of us as your own. We really appreciate your help and special interest in our class.

Thank you,
The Class of 1980

To Mrs. Linda Paul — Advisor:

Without you, our class would never have been so successful and enthusiastic. You have worked closely with us on each project and helped us in every way possible. You gained our respect as an advisor as well as our love as a friend. We will always remember your concern and outstanding ability to organize us. You have made a lasting impression on our whole class.

Thank you,
The Class of 1980

LISA FLYNN – SUMMER IN JAPAN

When you think of Japan, what do you think of? Temples, kimonos, rice, and raw fish? How about chopsticks and community baths? Japan is this but also much more.

This past summer I had the opportunity to spend eleven weeks with a Japanese family in Fukuoka City. Adjusting to the customs and language differences was difficult at first but as I began to settle into my new environment the problems lessened.

The first six weeks I was in Japan I attended a private all-girls school. All of the Japanese girls were required to take English grammar so I was asked to teach many of their classes. I had to spend an hour or two everyday in the third grade, supposedly to learn how to read and write. I also took lessons in Oragami (paper folding), and suji (calligraphy). I played ping-pong and was on the basketball team. I made many friends and they encouraged me throughout my stay there.

When summer vacation began I had a lot of spare time. My family and I toured much of the countryside, flew to a sea-side resort, ate at Japanese steak houses, visited shrines, took part in festivals, and took in many sights in Tokyo.

All in all, I feel that this was a priceless experience. The country and the people were wonderful and I feel that I learned a lot about myself and prepared myself a little for my future.

TRUDIE GROEN – MY Y.F.U. EXPERIENCE

Coming from the small country Holland to big America is quite a difference. Everything seemed to be multiplied in size: the houses, the cars, the stores. Fortunately the people are the same size, so that I am able to talk with them. While talking with everybody here, I discovered many things about the American culture. I hear about the different opinions and moralities. I see the different but very beautiful landscape and I taste the delicious American food. I love this year in the United States and I give my host family the Dickmanns absolute credit for that. We share experiences, emotions, opinions, and friendship with each other. They make it possible for me to accept and like the American style. I think that's what a Y.F.U. experience is all about.

LORI MOY – A.F.S. SUMMER IN GREECE

Sundrenched islands . . . ancient ruins . . . beautiful people . . . I still find it difficult to believe that I was there. For the majority of my stay, I was in a small town of Northern Greece, near the Turkish border. The lives of the people were simple and relaxed, unaffected by tourist and industrialization. I learned some of the language, tasted strange new foods, and danced their dances. I became a member of a warm Greek family, following a daily routine, partaking in their activities, and experiencing a new way of life. The friendships I made were and still are very special to me. My summer of '79 in Greece holds so many unforgettable memories and I plan to return in the near future.

ARIANNA ATTORRESE – A.F.S. STUDENT

"Write your paragraph for the yearbook, Arianna, and hurry up!"

"About what?"

"Oh, come on, I hope you did something different this year . . ."

For sure, this year in Framingham (U.S.) still remains one of the most memorable events in my life. I enjoyed the experience with my beautiful family, Marcia, Paul, Gail, Jamie, Ben, and Lucy (the dog) Rosenberg, and the time I spent in South High School. Playing field hockey and being in the senior play "Oliver" and in the spring musical were exciting, interesting, and new experiences that gave me the opportunity to meet nice people, to know my community, and to approach a different culture.

My trips to several colleges, to New Hampshire, and to New York and my activities outside the school such as parties and the participation at the "Art of Helping" helped me to understand more of the American way of life. In all these experiences I encountered new realities and I had to learn to observe, accept, and understand people and customs before evaluating. I should like to thank everyone who helped me in this successful, up and down, and constructive year which meant so much to me.

MARCI GOLDBERG – SUMMER IN COLOMBIA

My A.F.S. summer of '79 was one of mixed emotions. Since I was so quickly thrown into a whole new culture, I had a few adjustment problems. Once I got used to the different foods and climate and way of life, I began to learn that there was "life outside of the United States." I was grateful that I went to a Spanish-speaking country because it helped my conversation greatly and added to what I had previously learned at South.

Upon my return to the States, I had a few readjustment problems but my experience was a beneficial one and it helped me to continue life with a more worldly insight. Thanks, A.F.S.

ORLY BERRY – MY A.F.S. EXPERIENCE

My A.F.S. experience was one of the best I have ever had and probably will have. Like every A.F.S. student, I had my fears, hopes, and expectations before I came. Now, when my stay in the U.S. is almost over, I'm glad to say that most of my fears turned to be wrong and my hopes true.

It is really amazing how people from different sides of the world can learn to love and respect each other the way my American family and I do. The family was one part of the whole experience; the school was another one. The students, as well as the teachers in Framingham South High were (and probably still are . . .) most friendly, accepting, and willing to help and explain. I met many new people and made new good friends.

I guess this is what A.F.S. is all about; loving, sharing, and caring. I would like to thank all the people who helped to make my experience so wonderful. I would also like to express my love and appreciation to my family — Marci Goldberg and her parents.

The background of the page is a sepia-toned photograph. It depicts a coastal scene. On the left, there is a stone building with a gabled roof. To the right of the building, there are several large, leafy trees. In the foreground, there is a body of water, possibly a bay or a harbor, with some rocks visible. The overall tone is nostalgic and peaceful.

TO US

As the time to part steals upon us
And prepares to snatch us
From the warmth that we have found together
To set us adrift again,
I think back upon what we have been with each other
Smiles and tears rush out on memory's moon-kissed crest.

I remember being adrift
In an ocean of faces
And finding the smile which kept me afloat,
The friends who kept me above the nameless tides
And made me appreciate the view.

We are bonded by a very special feeling
Like a sunset in our lives,
But youthful beauty is most fleeting
And leaves but gilded memory
Tinted with a tear.

And as we go forth into the sea of life
We have always the remembrance
Of a special place where we exchanged ourselves
And found that we were better for the bargain,
Losing no part of us
Save the anchors of loneliness and fear.

So face forward with peaceful countenance,
Remember us fondly as you go through your days,
Not with tears for what is dead and gone
But with a smile for joy that was
And the legacy of happiness
It leaves within our hearts

Michael O'Neil

This year our volleyball team played very competitively to bring our record to a 15-3 mark over all. Because of our great ability to work as a team, we entered the division I tournament, which we finished in a very pleasing position for our first year in this tournament. Outstanding senior players were Paula Borghi, Mary Campo, Ginny Clark, Trudy Groen, and Joyce Moran. The outlook for next season is very good and we wish them a lot of luck.

CONGRATULATIONS GRADUATES

All of us at Bose Corporation wish to extend our heartiest congratulations to the members of the graduation class. Best of luck in your future careers.

BOSE[®]

Congratulations to the Class of 1979

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test — or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.

How to get what you need to succeed.

A high school diploma, a useful skill and a mature approach are a good combination for success.

The Army can give you the skill training you want. The Army can also build your confidence.

If you qualify, you can learn one of hundreds of skills - from cook to radio operator to X-ray technician.

Whatever skill you learn, you'll have ample chance to use it and prove how good you are at something important.

Of course, the Army doesn't "give" you anything. You earn what you get. You get what you earn.

PARASKEVULA ZISIS

May God bless and keep you always
May your wishes all come true
May you always do for others
And let others do for you.

May you build a ladder to the stars
And climb up every rung
May you stay forever young.
May you grow up to be righteous
May you grow up to be true
May you always know the truth
And see the lights surrounding you.

May you always be courageous
Stand upright and be strong
May you stay forever young.
May your hands always be busy
May your feet always be swift
May you have a strong foundation
When the winds of changes shift.

May your heart always be joyful
May your song always be sung
May you stay forever young.
